COLUMBIANA COUNTY CROP LOSS HEAVY

DUCKS AND WHEAT  
546,095.925 IN 2030  
GAS MERCHANTS ATTENTION  
By Arthur Brisbane  
(Copyright 1930 By King Features Syndicate, Inc.)

IN THE OLD DAYS of oppression a discouraged Irishman, sitting beside a little pool of water, with a few ducks swimming around in it, was asked by a British efficiency expert: "Have you any idea of the price you could get in London for those fine ducks?"

"I have," replied the owner of the ducks. "And have you any idea of the price I could get for that water in hell, if I had it there?"

News of the drought sends the price of wheat climbing upward. It rose 3½ cents more early yesterday. When the farmer hasn't "got it there," wheat is high in Chicago.

IN "continental United States," the population is 122,728,837. Uncle Sam says so. This does not include Porto Rico, the Philippines or Hawaii.

In 10 years population has increased 16.1 per cent. If that increase continues, our population 190 years hence, in 2030 will be 546,095,925.

Labor union experts reading that will say: "There could never be jobs for so many." Workers said that 130 years ago, when our population was 5,000,000.

Farmers would greet the idea of 546,095,925 population, with joy, exclaiming: "That would give us people enough to eat all our wheat and pay a good price for it."

HOWEVER, BIG FIGURES NEED not frighten us. The world's population, apart from famine, plague and war, will not outgrow the earth's fertility.

People, as they become more civilized and have greater luxuries, have fewer children.

And the old German proverb says truly: "The Lord sees to it that the trees do not grow in the heavens."

FINALLY, NO MATTER how many babies are born and how much the death rate diminishes, science will keep ahead of population. Intensely cultivated, Texas alone would feed three times the 546,095,925.

And the 546,095,925 could all find comfortable, beautiful residences, the aid of the flying machines, on hilltops, now neglected and empty.

Important to everybody, especially to those who sell gasoline, is news of an Irish railroad car run by a new electric battery, developing a speed of 46 miles an hour, and using only two-thirds of the battery power.

An Irishman invented the battery and the Free States finances it.

THAT IRISHMAN, WITH the invention, would have waited a long time before any part of this government would have financed him, even if he had been Fulton and Edison rolled into one.

If electricity could be economically stored, on a big scale in light batteries, something would happen to the stocks that depend on the demand for gasoline.

**Suit Is Filed**

COLUMBUS, Aug. 7.—Alleging he was so injured that he could not eat when struck by a baseball while watching a game May 30, Jacob E. Sandusky of this city has filed a \$25,000 damage suit against the Columbus American Association baseball club.

WASHINGTON, Aug. 7.—Clausius H. Huston, of Tennessee, resigned today as chairman of the Republican national committee and in a formal statement asserted "no man in political life has ever been subjected to more unjust and unwarranted attacks."

COLUMBIANA IN YEARLY PICNIC

Stores, Factories Close For Event Held At Meyer's Lake

COLUMBIANA, Aug. 7.—Columbiana stores, business houses and factories were closed Wednesday for the community picnic at Meyer's lake park, Canton. The cavalcade of cars left town about 9 a. m. and were given traffic preference through the towns and cities enroute. All children under 15 years were given 10 free amusement tickets.

The affair was under the auspices of the Business Men's association with cooperation of churches. William Miller was general chairman of the affair, which will probably be an annual event.

Opposition Grows To Limit Change

LISBON, Aug. 7.—Opposition to the annexation of additional territory to the village of Lisbon at this time has developed within village council, and it now appears as if the proposition as advanced by Mayor George Bradbury will fail to go through.

It has been pointed out that should the territory be annexed as now outlined it would result in the village being compelled to improve a number of roads and the extension of water mains, both projects of which at this time do not appeal to the members of council.

Auto Sales Show Decline In County

LISBON, Aug. 7.—Sales records for new pleasure automobiles for July show a decline of 94 cars from the June record when 222 new cars were sold.

Only 158 new cars were sold in Columbiana county during July. Clerk of Courts John A. Noble said today. Seventeen new trucks were sold in the county last month as against a record of 18 sales in June.

New Waterford To Get School Help

NEW WATERFORD, Aug. 7.—The board of education announces the opening of school for Sept. 2.

It also announced the promise of \$4,000 state aid this year to be used in connection with the building program put on last year, this is in addition to the \$65,000 bond issue voted by the taxpayers of the district last year.

Republicans To Gather Tonight

SALEM VOTERS TO GATHER IN PRIMARY RALLY

Desire To Get Voters To Poles Back Of Meeting In Memorial Bldg.

SALEM MEN OUT FOR POSITIONS

Large Attendance Will Result, Leaders Of Party Believe

Preparing for a record vote in next Tuesday's primary election, Salem Republicans will gather at the Memorial building at 7:30 tonight in a rally for the purpose of agitating increased interest in county and state political contests.

Pleas for support of the party by Salem voters were issued by Republican leaders of the city at an impromptu meeting held Monday and a committee was formed for the purpose of arranging plans to conduct a plan whereby more interest will be shown in coming political activities here. A report of this committee on plans formed at a meeting held last night will be given at today's rally.

A large gathering of the city's Republicans is expected at the affair. E. M. Peters, member of the executive committee, announced today. The committee is composed of Peters, Mayor J. M. Davidson, C. M. Wilson and Mrs. Ralph Sturgeon.

Increased interest in the primaries is anticipated, together with a record-breaking vote because of the candidacy of three Salem residents for county offices. The candidates, J. C. Litty, D. J. Burcaw and Dr. E. A. Coles, are all involved in contests in the primary ticket.

Dr. Coles is seeking nomination as county coroner and Litty is a candidate for the treasurer'ship. Burcaw seeks nomination as recorder. The Salem committee, at its previous meeting this week, voted to support the three men and urged their support by Salem residents.

TEACHER QUILTS AT COLUMBIANA

Resignation Of Virginia Shively Accepted By Board During Meeting; Name Successor

COLUMBIANA, Aug. 7.—The Columbiana board of education in its regular meeting this week, accepted the resignation of Miss Virginia Shively as a grade teacher and Miss Kathryn Morrill of Bellaire, graduate of Wooster college, was elected to fill the vacancy. Miss Morrill taught in Akron last year.

It was decided to follow the usual custom of opening school the Tuesday following Labor day. Pupils will be admitted to the first grade, whose birthday occurs prior to January 1.

Pedestrians Collide, Legal Action Comes

CLEVELAND, Aug. 7.—A fall to the floor has resulted in the filing of a \$50,000 damage suit against the Curtis Publishing company by Alexander H. Myross, former manager of the General Electric company's Cleveland order service department.

Myross alleged that he was permanently injured when he collided with William M. Springer, a circus clown, while walking through the park, with a crowd following him. Witnesses said he attempted to shoot himself with the gun, but when police arrived it was found that the gun had held but one bullet.

Dollar Days Call Sounded To All Within Trading Area

Circus Barker Couldn't Describe Bargains Arranged By Retail Merchants For Annual Cooperative Mercantile Events

If all the sidewalk barkers in the United States were placed end to end in Salem Friday and Saturday, they couldn't begin to describe the bargains that are to be offered as a part of Salem's Dollar days.

And that isn't belittling the vocal talents of the circus man, either—it is a petition signed by every merchant who has ever had a part in the promotion of this mammoth mercantile event, and by every satisfied customer who has ever returned home sagging under the weight of a dollar invested in any one of the participating stores.

A Goodwill Investment.

It is to be not merely a day of exceptional bargains for visitors, but a tremendous investment in goodwill for Salem merchants.

"I can confidently say that no mercantile offering in the history of Salem retailing will exceed the present Dollar days," a Salem merchant said today. "The occasion is not a sudden experiment in price reducing, but a carefully planned campaign, backed by endeavor to procure the best possible merchandise. We fully expect thousands of purchasers and we expect them to receive 100 per cent satisfaction. The good will which is assured us through this medium is ample return for whatever monetary sacrifices we have been forced to make."

The bargains are directed at every consumer in the Salem trading area.

The best route to avoid the oil is through Columbiana, Morris stated.

COLUMBIANA CO. FARM WOMEN TO GO INTO CAMP

Alomewa Again Selected As Site For Annual Summer Recreation

Camp Alomewa, where the farm women of Columbiana county held their camp last year, has again been chosen by the women for this summer's camp.

At a vote recently taken of three possible camp sites the majority of the women expressed themselves in favor of the Camp Alomewa site.

August 13-15 are the dates of the camp.

Campers may come Tuesday evening Wednesday morning breakfast will be served at 8 a. m. to accommodate those who wish to come Wednesday morning.

Mrs. Helen Harbage and Mrs. Blanche Bowers will have charge of the program. There will be additional speakers of note invited to help out on the program. All enrollments must be in by August 11.

More than 40 women were enrolled in the camp last year. Accommodations may be made for 50, and space will be reserved in the order in which enrollments are received at the office of the home demonstration agent in Lisbon.

Camp Alomewa is located on the Wilford Thomas farm near the center of the county. It is 13 miles east of Winona and may easily be reached from every direction.

LIVES LOST AS FLOODS SWEEP NOGALES, ARIZ.

Wall Of Water Rushes On Town As Cloudbursts Occur Nearby

(By The Associated Press)  
NOGALES, ARIZ., Aug. 7.—A score of persons were reported dead and 25 missing after a torrent of water swept through Nogales and its sister city Nogales, Sonora, early today. The body of a Mexican woman, representing the first known death, was washed across the international line at the height of the flood.

Confusion was so widespread at the climax of the flood that reports of missing persons could not be checked. The screams of women, caught in buildings of the lower areas, arose above the roar of the flood water. Both cities were dark as power lines went out of commission. Telephone service stopped.

Receive Death Reports

At 3 a. m. the chief of police of Nogales, Sonora made his way to the American side and said he had received reports of at least two dozen deaths but could not confirm them. He said 25 children had been reported missing in the Mexican city.

From three to eight feet of water poured through the streets of the border cities apparently from a nearby cloudburst.

Don Phillips, an American aviator, who had been visiting on the Mexican side, managed to reach the American city and said he had seen several small children swept away when an adobe building collapsed.

Excited citizens came to the police station here and told of seeing persons, mostly children, being swept along by the raging rain waters.

Much Property Damage

The Nogales, Sonora, chief of police said the torrents of water, sweeping through this city, had cracked sidewalks, uprooted trees, and flattened adobe buildings.

Bottled in the neck of a great bottle-shaped valley, the twin cities felt the sweep of flood waters from three sides. The Mexican city for the most part is on higher ground than its American sister but its buildings are generally of poorer construction.

The population of the two towns is approximately 11,000 with the Mexican city slightly larger. Only a barbed wire fence separates the two.

Ohio Rainfall Far Below Normal

COLUMBUS, Aug. 7.—Rainfall throughout Ohio during the four months ending July 31 was 6.7 inches below normal, figures prepared by W. H. Alexander, chief of the weather bureau here, reveal.

A deficiency of 4.61 from a normal fall of 13.22 was found in the northern third of the state, the deficiency in the central third was 7.57 from a normal of 14.86, and in the southern third, the shortage was 9.01 inches below the normal of 15.49.

HAWKS HAS NEW MARK FOR TRIP ACROSS NATION

Flier Makes All-Daylight Voyage From New York To Los Angeles

(By The Associated Press)  
LOS ANGELES, Aug. 7.—Frank Hawks, Los Angeles aviator, today held the record for the quickest East-West crossing of the United States.

Flying at an average speed of 179 miles per hour, Hawks yesterday drove his low-winged monoplane from Curtiss field, New York to municipal airport Los Angeles in 14 hours, 50 minutes and 43 seconds. It was the first time a transcontinental flight had been made in full daylight. The Travelair plane touched the ground here at 4:50:43 p. m. (P. S. T.).

Hawks landed by three hours and 52 minutes the recent east-west record set by Roscoe Turner. Hawks made refueling stops at Columbus, Ohio, St. Louis, Wichita, Kas., Albuquerque, N. M., and Kingman, Ariz. Turner made but one stop in his flight.

Hawks encountered stormy weather during most of the 2,600 miles. He flew through rains between Pittsburgh, Pa. and Terre Haute, Ind., and severe storms from Albuquerque to the Arizona-California border. Over Arizona, Hawks said, he was forced to fly high and off his course to avoid thunderstorms.

Subtracting the time taken for the five stops Hawks actually flew across the country in 13 hours, 35 minutes and 43 seconds.

About 200 aviation enthusiasts hailed the flier as he flashed across the finish line at better than 200 miles per hour.

The aviator said his plane made a top speed of 240 miles an hour, but that he rarely kept it over 200. A 20 miles headwind cut his speed most of the way, he said the trip was "a pleasant one except for the bad weather." A collapsible cockpit cover protected him during the rainstorms.

Hawks turned his plane over to a force of mechanics immediately instructing them to put the ship in shape for a return trip as soon as possible.

CONCRETE WORK SOON COMPLETE

Lisbon-Salem Road Should Be In Shape For Traffic Early In September

LISBON, Aug. 7.—The last concrete should be poured on the Lisbon-Salem road not later than Aug. 16, and if so the highway may be opened to through traffic on or about Sept. 6, County Surveyor Lloyd C. Kirk said today.

Concrete has been poured on this new section to a point about opposite the entrance of Shelton's Grove, which includes a new concrete top over the Beaver Creek bridge at that point. While terms may not be completed the entire length of this section when all concrete has been poured, traffic no doubt will be permitted in the meantime, but at the risk of the driver.

Should the last concrete be poured on this road before Aug. 16, then the road will be opened for traffic 21 days later.

Road equipment has been removed from the Kennington end of the Summitville-Kennington road to Summitville and Friday surfacing of this highway toward Summitville will begin. Concrete at the Kennington end joins with the paved thoroughfare in Kennington.

Two Men Arrested In County Thefts

Two Sebring men are being held in city jail pending investigations into their alleged connection with thefts of two calves and other stock from Columbiana county farms.

The men, Louis Kelly and Charles Lewis, were arrested early this morning by County Dog Warden C. E. Donahay. They are reported by Donahay to have admitted stealing two calves from a farm near Damascus.

Charges of larceny and burglary may be placed against them, Donahay stated.

ESTIMATES OF DROUTH DAMAGE AT HIGH POINT

\$500 to \$2,500 For Each Acre Reported By Federal Observer

MILK SHORTAGE NOW IMMINENT

Corn Crop Failure With Milk Shortage Near, Copeland Says

Crop loss to farmers in Columbiana county will average from \$500 to \$2,500 per acre because of the drouth it was estimated by Lawrence R. Copeland, of Milport, cooperative weather observer.

"High temperatures, that have been ranging from 90 to 99 degrees during the last few weeks is the cause, Copeland declared today.

On account of the advanced season, it is believed by farmers that heavy rains now will have little if any bearing on late crops, although it is admitted that rain will be of benefit to pasture land. Cattle now roam over the fields, but are gathering nothing.

While there will be some potato crop, it will be far below normal, and it is said the corn crop is a loss.

Forest G. Mason, one of the active farmers of Columbiana county holds that corn is drying so fast that it will make more fodder than anything else, and that rain will have little effect upon the ears, as the ears have not set.

Corn in many fields is about from 18 inches to two feet in height and in tassel, and no matured ears. Stocks are less than half normal height.

Farmers have also expressed the fear that even pasture grass has been killed down to the root.

A shortage of milk is now noticeable. One herd of 26 milkers is declared to be producing but only 10 gallons daily. This situation in time is expected to result in milk prices soaring, with distributors bidding against one another for the present limited supply. Shortage of pasture and water is given as the cause of this situation.

For the first time in the memory of the oldest inhabitant in the county of Point Pleasant school, the West Fork of Beaver creek is now dry.

OHIO PREPARES FOR PRIMARIES

County Election Boards To Get Final Orders Over Radio Station

COLUMBUS, Aug. 7.—Ohio's intricate election machinery is being given its final greasing this week as officials in the office of the secretary of state prepare for next Tuesday's primary election.

With nearly all county boards of election in the state ready to swing into action, the secretary's office is issuing final instructions to those boards the officials believe need them.

Secretary Clarence Brown's final instructions to all county and precinct workers will go out Monday night through radio station WAU, Columbus.

More results are expected of the various county election officials this year than ever before, this being due primarily to the two-day instruction course that Secretary Brown put the board members through here several months ago.

At this time Brown assembled all of the board members, explained the new election code to them, told them what he desired in the way of cooperation, outlined the law to them and then had various officials speak to them.

As a result, it is said that election board members this year are taking their work more seriously than heretofore.

As an extra service this year the secretary of state's office has made arrangements for the broadcasting of returns. Radio station WLW of Cincinnati, and WAU of Columbus will be utilized from 6:45 p. m. Tuesday night to 2 a. m. Wednesday. Secretary Brown will explain some of the returns while newspaper correspondents also will interpret the various returns.

Akron Pastor Will Speak At Services

LEETONIA, Aug. 7.—Dr. E. W. Simon, pastor of Holy Trinity Lutheran church, Akron will give the address at the corner stone laying of the new St. Paul's Lutheran church at 3 p. m., Sunday, August 17.

Dr. Simon was a member of the Burger Lutheran church, south of Leetonia now a part of St. Paul's. Dr. H. C. Brillhart is pastor of the Leetonia church.

## PREPARE TO VOTE

As the primary election next Tuesday is only a few days away, it is essential that every qualified elector in Salem give serious thought to the duty that faces him on that occasion. Too many elections have been decided by minority votes; the coming election offers an opportunity to change that condition.

By this time most people have determined which candidates they favor. To help them, and to make sure that a strong ticket is placed in the field for the November election, it is necessary that all cast their ballots. Sitting at home or in the office or workshop will not nominate candidates. No one but yourselves will be disappointed if the candidates of your choice are not the winners, provided you remain away from the polls.

Consider the part you should play in every election and you cannot fail to realize your responsibility. The result will be a representative vote. Nothing else should satisfy.

## SENTIMENTAL VALUES

Four hundred and fifty tourists from the United States landed in Leningrad, Russia, a few days ago to make a four-day tour of the city and to gather, in American fashion, as many impressions and talking points as possible.

Their hosts were not mealy-mouthed in announcing at the end of the visit that the Americans had left them wealthier by \$250,000 exchanged for Russian products, relics and services. "One man from Boston," reported Pravda, the Communist party organ, "paid our government 25,000 rubles (\$12,750) for a silver tea set which belonged to the Tsar." The same newspaper placed the total expenditures by the Americans for confiscated property at \$50,000.

When the Russian Soviet sells relics from the Czarist regime it, figures values on two scales, real and sentimental. The world jewelry trade, unfortunately, has not shown itself keen to take risks in sentimental values and, as a result, a great many relics still remain to be sold. Among the stock still on the shelves are the crown jewels, which symbolize in a very real way the cause of the revolution.

Sentimental value. It is a good lure—especially good for people with money, people with sentiment and, most important, people unbothered by a frankness of sales tactics which hangs no curtain over the grim jest. But what an interesting phase sentimental value becomes when applied to reminders of a hated regime by a commercial people who might almost be expected to throw them into the sea.

## ONE WAY TO LIVE

An aged lady and a fat poodle residing in a mansion at Fifth avenue and 39th street, New York City, stand together between a mighty fortune estimated at more than \$100,000 and its distribution among 14 charitable organizations upon event of her death. The lady, Miss Ella Wendel, is the last surviving grandchild of John Wendel, who made his money in furs and invested it in New York City real estate when land could be bought at pasture-lot prices. Miss Wendel is 80 years old; the poodle's age is not known.

Miss Wendel, whose sister was Mrs. Rebecca Wendel Swope, deceased July 20, has no apparent reason for wanting to live to an extreme old age. Mrs. Swope's will made a definite disposition of the property over which Miss Wendel is interim guardian. The beneficiaries, she must suspect, will receive the notice of her death with scarcely more than formal expressions of bereavement. The ancient Wendel estate and the land on which it

stands, valued at something more than \$2,000,000 have been regarded for years with longing by real estate operators. The shoppers on Fifth avenue who raise their eyes to the shuttered windows and barred doors behind which moves the solitary old lady and her poodle have nothing but contemptuous curiosity in their planner.

Miss Wendel and four unmarried sisters, the last of whom died in 1929, were encouraged to live apart from the world by a brother, John Gottlieb Wendel, who told them no man was good enough for them. His persuasion was successful, except in the case of Rebecca who ran away and married Professor Luther A. Swope. Georgiana, the sister who died in 1929, also rebelled once but came back later to the mansion after her brother had caused her to be adjudged insane. John Wendel's purpose was to hold the Wendel fortune together at any cost, and he succeeded.

It is one way to live—one among a great many. One wonders what Miss Ella Wendel thinks of it as she lives alone in the mansion at Fifth avenue and 39th street—with a fat poodle to receive her unexercised spinsters affection and an unsympathetic world waiting for her to die.

## The Stars Say—

For Friday, August 8

A day of momentous and stirring events must be predicted from the ruling position of Uranus in trine aspect with the solar orb. This is likely to precipitate sudden and quite unforeseen activities of far-reaching and radical nature. Change, travel, new position and interests are betokened, with change of environment and unexpected and surprising opportunities. Substantial progress may be looked for but be careful of petty annoyances and disputes. Also small losses.

These whose birthday it is stand at the threshold of a very eventful year, with radical and far-reaching occurrences and circumstances. Change and travel are imminent, with new environment and occupation. But progress and substantial foundations are assured if there be exercised prudence with money and control of tongue and temper. Disputes and extravagance are perilous. A child born on this day should be ingenious, skillful, adventurous, original and independent as well as practical and industrious. It may be free with money and disposed to be quick of temper and speech. However, it should reach high place in life through its fine qualities.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

# HEALTH

By Dr. Royal S. Copeland

## Ben-fits Welfare Agencies

A few years ago the maternal and infant mortality rate was a good deal higher than it is today. Most of the problem in safeguarding the lives and health of the mothers and babies.

New York City is fortunate in the work being done by public and private agencies in promoting maternal and child health. In this connection a recent health inventory made by the Welfare Council of the city reports many interesting facts. To quote from this report:

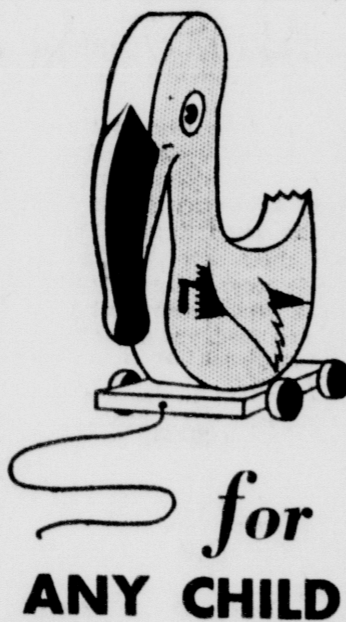

"Every four minutes, day and night, a child is born in New York City, 128,000 a year. Seventy-two hundred of these babies die before they are a year old, more than half this number within the first month of their lives, and about 40 per cent within the first week. For every 200 children born, in this city a mother dies at childbirth."

The welfare agencies, public and private, provide a great army of social workers, nutrition workers, doctors, nurses, clerks and investigators. They are engaged in this great work of caring for the lives and health of the mothers and babies. Besides these, there are the thousands of doctors and nurses in private practice who assist in conserving the health of the coming generation. The recognition of the importance of pre-natal services in maternity work has rapidly advanced since 1915.

The visiting nurse has a very important part to play in this maternity service. It is reported that 63,000 visits were made by nurses from the pre-natal clinics of the city in one year. Besides this, several of the nursing organizations reported 157,000 visits made to the homes of maternity patients who were under the care of private physicians and midwives.

What a great humanitarian work this. Great aid is rendered by private enterprises for health conservation, such as the Rockefeller Foundation and the Commonwealth Fund, with the studies made under grants from them. The undertaking bids fair to bring about far-reaching results in health betterment for the coming generation.

It is only through preventive measures for health all along the line, from pre-natal days up through adult life, that mankind can hope to be free from illness and disease. Good health is the foundation of everything else.

**ANY CHILD**

WE can never be sure just what makes a child restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as your child has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

## Twenty Years Ago

(Issue of Aug. 7, 1910)

Having the hat burned from her head was the experience of Mrs. Lotta Dixon, of Cleveland, while waiting for a train at the local Pennsylvania depot this morning. Only assistance from other passengers saved her from being burned. Her hat caught fire when she passed under an inverted gas light.

That Salem will again have a flour and feed mill near the central part of town is assured since the stockholders of the newly organized Farmers Milling company held a meeting Friday morning. Officers were elected to manage the affairs of the company. Sialthial Bates is president.

Joe Gans, one time lightweight champion of the prize ring, passed through Salem early Friday morning speeding from Chicago to Baltimore in a race with death to see his parents. He is suffering from tuberculosis.

Lieben—Dan Golladay, who is employed in the office of County Engineer B. M. French, in this city, was seriously injured last evening during a baseball game. His left leg

was fractured just below the knee joint.

Thirty-five Youngstown infants have died so far this summer from cholera infantum. Most of the deaths were among foreign residents.

Miss Ruth Webb, McKinley avenue, was hostess to club associates Friday afternoon. Miss Mary Imhoff, of Pittsburgh, was a guest.

Honoring the birthday anniversaries of Mrs. Rose Heacock, Mrs. Sheldon Parker, Mrs. Sarah Fitzpatrick, Mrs. Emma Windle and Mrs. Sarah Mickle, Mrs. Heacock entertained Saturday afternoon at her home, Newgarden street. Two guests were members of the Rebekah lodge and Women's Relief corps.

A party of 10 Salem men arrived Saturday morning from Detroit. The trip from Cleveland was made in C. C. Gibson's and W. P. Carpenter's new automobiles.

NEW YORK — Six heirs to \$199,704 face the prospect of paying an inheritance tax of \$746 each and receiving no legacy. The residuary estate of Aaron De Cordova, prominent in Wall Street, was wiped out in the stock market crash.

# SHOWERS BRING HEAT RELIEF IN MIDWEST STATES

Many Areas Get Drenched  
As Heavy Rains Fall;  
Much Cooler

(By The Associated Press)  
CHICAGO, Aug. 7.—Rain and cooling winds brought seasonal temperatures today to most of the heat-seared areas.

Southern Illinois still sweltered, however, in a withering wave that ranged upwards from 100 degrees. Wells, streams and reservoirs have been burned dry. Farmers are carrying water from oases for their families and beasts.

Showers brought a midwest and northwest, bringing a cool respite. Up in Aberdeen, S. D., 4.90 inches of rain late yesterday drenched sewers and stood in streets. The rain was general over northeastern South Dakota and southern North Dakota. St. Paul was cooled off with a 10 degrees drop. The precipitation pushed south into central and southern Nebraska. Omaha was swept by a rainstorm and the thermometer dropped 23 degrees in two hours—from 96 to 73. In Lincoln, a half inch of rain brought a heat drop of 22 degrees. Over the state, the temperatures ranged below 90.

Southwest Iowa was doused with a good downpour last night, leaving the southeastern counties the only part of the state still in need of a good rain.

Throughout the southwest, the hottest part of the national two days ago, seasonable temperatures generally prevailed.

Light local showers cooled off Ohio, with temperatures generally in the 80's. One heat death was reported.

In New York city, the heat wave lingers on with no relief in sight. Thousands have been sleeping at the beaches at night and the heat caused three deaths yesterday.

Lake Michigan's winds were again good to Milwaukee and Chicago. The uplake city had a low of 6 to start the day off with, while Chicago, with a shower greeting the day, still lullied in the 9's.

Scattered sections of northern Illinois and Indiana were also cooled off with rains.

## PEACE OFFICER AFTER DRIVERS

Ignored Invitations To Appear  
In His Court Results  
In New Edict

AKRON, Aug. 7.—Justice of the Peace John Jochum of Springfield township is threatening contempt of court sentences for motorists ignoring neatly printed invitations to appear in his court at an early date. The squire is having the cards handed by his constables to all Akron-Canton road drivers caught passing other machines on the right.

"Now these chaps, instead of recognizing authority, are dropping in at the Akron auto club and asking what they should do," Justice Jochum indignantly declares. "I've got it on good authority that some one down there has passed out the word to simply ignore the tickets. Let 'em try it!"

Jochum has been justice of the peace since the first of the year. "I've already filled on arrest docket of 134 pages," he said, "and I'm on the job all the time." Court is held in the parlor of his home. Recently the justice has been brought into the limelight by the arrest on intoxication charges of several persons who have attempted to purchase liquor from him. The house in which he resides, once was occupied by dispensers of illegal beverages, Jochum explained.

# Hoover's Chauffer Has Been At Helm Of Many Autos

(By The Associated Press)  
WASHINGTON, Aug. 7.—President Hoover can reasonably expect to complete his years in the White House without an automobile accident despite his extensive motor travel.

His chauffeur, Francis H. Robinson, has been driving presidents since the first automobile was bought for the White House in 1910 and has never had an accident, unless the law of averages works against him, he says he never expects to have one.

Robinson came to the capital from Boston two decades ago when President Taft gave the city a shock by ordering a car powered by steam to supplant the historic horse and carriage always used by chief executives. As personal chauffeur to Presidents Wilson, Harding, Coolidge and Hoover since then he has driven thousands of miles, and admits being in many tight places, but has always brought his machine through unscathed.

Presidents Taft and Wilson are recalled by Robinson as the two presidents who liked to drive fast at all times. The last two occupants of the White House have been fond of automobile travel, but both were more conservative in their tastes.

Mr. Hoover is the most enthusiastic motorist of all the presidents. Almost every week-end he takes the three-hour drive to his lodge in Virginia and back without tiring. But he seldom permits Robinson to exceed the Virginia speed limit of 45 miles an hour, and when traveling about Washington has set a precedent of conforming to the traffic lights even when accompanied by a motor cycle escort. Only when he is on official missions does he permit infringement of the traffic laws, and this, too, is rare.

Mooney and Billings are serving life terms upon conviction of setting off a bomb at the 1916 San Francisco Preparedness day parade which killed 10 persons.

The court, during a recess until Tuesday, also will determine whether to admit as evidence "documents," Cunha said would prove a gang he charged Mooney and Billings were affiliated with planned the bombing, and also would prove the two convicted men were directly responsible for the outrage.

In the midst of Cunha's startling testimony, Edwin McKenzie, attorney for Billings, demanded his client be brought from prison immediately and have opportunity to refute the charges.

Although the court previously announced it planned to bring Billings to San Francisco, Chief Justice William H. Taft announced in response to McKenzie's demand that doubt had arisen as to legality of moving him. Consequently, he adjourned the hearing until the attorney general and state prison board can rule, which he said would be Saturday.

## Pythians Recognize Women's Auxiliary

The women's auxiliary was recognized as part of the order by the supreme assembly for the first time in the history of the Pythians.

## Bride Arrested

CINCINNATI, Aug. 7.—Wedding bells will not peal for George Tester, 27, Chillicothe, until his bride, to be whom he came here to marry and found in jail, is cleared of a watch theft charge. George Stamm of this city says Miss Flora Siler, Tester's sweetheart, robbed him of a timepiece.

# HEAT WAVE IN STATE PASSES; DAIRY MENACE

Drouth Continues To Hit  
Ohio Farmlands; All  
Pastures Short

(By The Associated Press)  
The crest of the heat wave had passed Ohio by today, but the drouth continued in most sections of the state.

The mercury dropped below the 90 mark generally yesterday, except at Cincinnati, which had a high of 96, and at Toledo, which had 92. The southern part of the state, however, was due for warmer temperatures today. Weather forecasts continued to hold out the possibility of local showers.

The threat of milk shortage grew as dairymen took stock of their parched pastures. Cleveland milk dealers called a meeting today which was expected to result in an increase in the unusually low price to consumers of 12 cents a quart. Dairy men in the Cleveland area have been forced to bring their supplies from further districts and farmers have sought higher prices as the supply dwindled.

William J. Hyatt, president of the Seneca County Dairymen's association, predicted a shortage in the Tiffin district if the drouth continues much longer.

Grass and timber fires continued to damage considerable property.

A threatened water shortage at Canton was averted by strict enforcement of the ban against sprinkling lawns.

One more death due to the heat, that of Miss Edith E. Wise, 50, Columbus, was reported yesterday. Hazel Mercer, 21, Walbridge, collapsed at Toledo.

## Police Believe Corn Sugar Sales Halted

CLEVELAND, Aug. 7.—Police to-  
day believed they had found a meth-  
od to stamp out the trade in corn  
sugar for liquor manufacturing pur-  
poses.

One of the city's largest corn  
sugar warehouses, reputedly owned  
by the Porello brothers, was closed  
as the result of what police said  
was surveillance of deliveries be-  
lieved intended for bootleggers.

Police adopted the surveillance  
method after they lost their suit to  
padlock another large warehouse  
owned by Marco Shapietta, design-  
ated as the new "corn sugar king"  
after the slaying of Joe Porello re-  
cently. Another Porello brother,  
Vincenzo James, was a recent  
gang victim.

# When Ford meets Franklin they have this in common...

HERE may be a radical difference in cooling systems—and in purchase price.

But Fords and Franklins are just alike in one respect: Their owners prefer Sohio 3 1/2 to 1 over any other gasoline sold in Ohio.

Those are certified figures taken from a statewide survey of gasoline preference, in which 93,694 Ohio motorists were asked,

"What gasoline do you use most?"

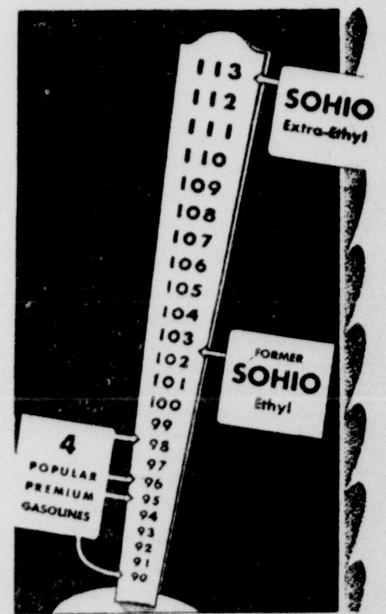

The point is, of course, that if you aren't already a Sohio user you are missing something worth while, whether you reckon the cost of your car in hundreds or in thousands of dollars.

And remember—50% more Ethyl since July 1st gives you even greater power, smoothness and freedom from "knock". Try it.

**SOHIO Extra-Ethyl**  
TOMORROW'S GASOLINE HERE TODAY

**HILLS SEEM LOWER  
SINCE JULY 1st**

When Standard of Ohio introduced Sohio Extra-Ethyl on July 1st, the thousands of Ohio motorists who used it found their cars climbed steep grades even easier than before. The addition of over 50% more Ethyl Fluid is responsible. The difference over all other gasolines is most easily measured in terms of knock-freeedom.

The Bowker family reunion will be held at Lake park on Sunday.

Mr. and Mrs. Clarence Baker and son, Robert, of Warren, and Mrs. Effie Steward and son, Lester, of Salem, were Sunday visitors in the home of Mr. and Mrs. Harvey Baker.

Relatives from this place attended the Fifth-Lawton family reunion held at Seveken lake on Saturday.

Mrs. Lawrence Fieldhouse, Mrs. Fred Weikart and Miss Alice Pitts were hostesses at a meeting of the Ladies Aid society of the Methodist church on Friday evening.

Thomas Rhodes, of Salem, had his tonsils removed Thursday at the Salem City hospital.

**Bulkley Challenges Drys During Speech**

CLEVELAND, Aug. 7.—The coming election will give Ohio an opportunity to demonstrate whether the victory of Dwight W. Morrow in New Jersey "was a flash in the pan or the beginning of a great movement to overthrow the abuses which have come through attempting to enforce prohibition," Robert J. Bulkley, Cleveland candidate for the Democratic nomination for United States senator, said last night.

Bulkley, who advocated repeal of the 18th amendment and restoring the question of prohibition to the states individually, said the fight would be harder in Ohio than in New Jersey.

**Injuries Fatal**

TOLEDO, Aug. 7.—Injuries suffered when he was struck by an automobile while on a visit in Greensburg, Pa., today had caused the death of John Trotol of this city.

BUFFALO, N. Y.—Modest heroines are Jane Danahy, 15, and Dorothy Deitrich, 13. With the aid of their canoe they saved three men from drowning in Lake Erie in three days and never said a word about it to their parents.

**Face "Lifted" In 3 Minutes Right in Own Home!**

Why go to the inconvenience and expense of having complexion rejuvenated and skin texture improved by painful and tedious methods when one 3-minute treatment with Amla Nourishing Cream youthens the face so remarkably that any ugly, wrinkled and sallow complexion looks at least 15 years younger.

Let's be sensible and admit there's no cleansing, vanishing cream in the world which can remove wrinkles, youthen, smooth and soften skin texture. Cleansing cream, etc., do just what their names signify and NO MORE.

But Amla sinks down thru the pores (it contains the ONE and ONLY oil known to science which can penetrate the skin surface). That's why it can nourish, stimulate to new life those broken-down tissues and tiny blood vessels (the "true skin") beneath. A splendid muscle tightener and refiner of enlarged pores. Appealingly scented.

And this great rejuvenator costs but a mere \$1.00 a jar which lasts many weeks—delightful weeks in which you'll notice your skin growing smoother and velvety soft, adorably youthful and crystal clear. Get Amla!

### Lutheran Churches Enter Into Merger

TOLEDO, Aug. 7.—Merger of the Evangelical Lutheran joint synod of Ohio with the Iowa and Buffalo synods was well on the road to completion today and final details of the business affairs are expected to be arranged by Saturday.

The Ohio synod passed control of \$5,000,000 worth of assets to the merged group, to be known as the American Lutheran church, yesterday, and formally accepted the new constitution, at yesterday's session of the annual convention.

The Iowa synod also expects to have its merger transactions finished by Saturday. Preliminary committee meetings of that group were scheduled today.

## CHALLENGE IS MADE ON AUDIT

### Merger Battle Still On In Youngstown; Cross-Examination On

YOUNGSTOWN, Aug. 7.—The audit made by Ernst and Ernst for the Cyrus S. Eaton interests which sought to show that Youngstown Sheet and Tube stockholders were not fairly compensated in the merger with Bethlehem steel was challenged by defense attorneys in common pleas court today.

Resuming the cross-examination of Hassell Tippit, Ernst and Ernst auditor and witness for the plaintiffs in the suit to enjoin the merger, F. H. Wood, Bethlehem corporation counsel, hinted that the Ernst and Ernst company was biased because of connections with companies in which Eaton is interested. Tippit testified on direct examination that the Bethlehem earnings in 1929 were about \$17,000,000 less than shown in the audit made by price waterhouse company on which the merger terms were computed. Based on comparative earnings for 1929 Youngstown stockholders, he said, should have received 2,148,000 shares of Bethlehem instead of the 1,600,000 shares allowed them.

Eaton, a young and influential financier led a battle against the merger, and though he is not specifically mentioned as a plaintiff he is said to be the guiding influence in the suit to block the consolidation.

## MARKETS

**PRICES GO LOWER**  
NEW YORK, Aug. 7.—Offerings by tired holders together with pressure from bear sources, sent prices early hours of trading in the stock to appreciably lower levels in the market today.

Some effort was made to stem the decline by bending support to U. S. Steel, General Electric, American Telephone, all of which rallied to fractionally above the previous close, but the attempt was futile, prices subsequently sagging still lower, all around. Professional offered stocks more freely owing to the failure of the share market to sympathize with the rise in grain prices.

High priced shares, as usual, were the chief sufferers in the selling movement. Allied chemical and Eastman Kodak lost about 6 and 1/2. Case, Atchison, Air Reduction, American Waterworks, and American Power and Light, 3 to 4 points. Call money renewed unchanged at 2 1/2 per cent.

**CLEVELAND LIVESTOCK**

## MOVIES

### "MOVIE TONIGHT"

At The State  
Seven new songs, many of them destined for certain popularity, are included in the new "Movie TONIGHT" of 1930, romantic comedy, which comes tonight to the State theater.

Three teams of famous song writers collaborated on these melodies. "I'd Love to be a Talking Picture Queen" and "You'll Give In" were authored by Joseph McCarthy, James F. Hanley and James Brockman. "Doing the Derby," "Emily Brown" and "Cheer Up and Smile" were written by Con Conrad and Jack Meskill. Cliff Friend and Jummie Monac contributed "I Feel a Certain Feeling Coming On" and "I'm Bashful" to the tuneful score.

Principals who sing the numbers include El Brendel, Margerie White, Frank Richardson, Noel Francis and Miriam Seegar. In addition there is a highly trained vocal chorus of 50 singers. William Collier, Jr., also plays an important role.

The romantic story was directed by Benjamin Elloff from an original story by William K. Wells, who also wrote the dialog.

### "ALIAS FRENCH GERTIE"

At The Grand  
Radio Pictures' all-talking under-

world romance "Alias French Gertie," starts its three-day run at the Grand theater tonight.

The thrilling talkfilm entertainment, adapted from "The Chatterbox" Bayard Vellier's stage play, brings together on the screen for the first time, Hollywood's popular couple, Bebe Daniels and Ben Lyons.

Miss Daniels plays the most dramatic role of her talkie career. Many of her dialogue lines are spoken in French. The rest are in colorful croak argot.

George Archambaud directed. Featured in the cast are Robert Emmett O'Connor, Betty Pierce, John Ince, Daisy Belmore, Nella Walker, Charles Ghiblin, Arthur Housman and Harry Tenbrook.

## COURT NEWS

### Attachment Filed

Walter Moff of Salem, through his counsel K. L. Coburn has filed an attachment proceeding in common pleas court against the property of Christopher Jacobson, a non-resident to secure a claim of \$377 for merchandise. Jacobson owns 3.54 acres in section 11, Perry township, and Fannie M. Little of East Second street, Salem, is asked to set up her claim.

### Child Killed

FINDLAY, Aug. 7.—The wheels of her father's wagon, upon which she had been riding with her parent at the reins, today had crushed to death Jemima Cooley, 3, daughter of Mr. and Mrs. George Cooley of Rawson, near here.

### Prison Burns

COLUMBUS, Aug. 7.—Old city prison, a Columbus landmark, stood partially in ruins today after having been swept by a fire of undetermined origin. The building was valuable, according to officials except for brick.

# Mullins Meets Kiwanis Club In City Titular Battle Tonight

## Keenly Fought Contest Expected When Leaders Clash On Park Diamond

ANTICIPATING the current season's best mullball contest, the largest crowd to have witnessed a city league struggle this year is expected to view the battle for championship honors between the Mullins Manufacturing corporation team and the Kiwanis club at Centennial park this evening.

The game is expected to have the final effect in determining the who's who in the titular race between the two strong aggregations, both being undefeated in the second half with five victories each. Today's contest will be the sixth start of the season for the two league leaders, only one more game remaining to be played by all teams entered in the circuit before the official close of the second half.

By virtue of superior fielding ability the Mullins team is favored to annex the decision from the Kiwanians but the outstanding melee of the year is anticipated by fans following activities of both teams. Both have played a stellar brand of ball during the current race and

### What The Stars Did Yesterday

(By The Associated Press)  
GEORGE WATKINS, Cardinals—Pinch home run defeated Cubs.  
HARRY RICE, Yankees—Drove in two of Yankees' four runs with single and sacrifice.  
GEORGE UHLE, Tigers—Held Indians to four hits and had perfect day at the plate.  
SAM JONES, Senators—Allowed Athletics six hits as Senators won.  
DICK COFFMAN, Browns—Gave White Sox three hits in first game of doubleheader.

### BEAUMONT, Texas—While on a visit in Mississippi 24 years ago, Mrs. Addie Kingston did "chores" around the house for Mr. and Mrs. Henry Hendrix of Richburg. Informed she had been willed 1,000 acres of land and \$9,000 for her kindness, she has refused to accept it, declaring she did nothing to deserve it. Meanwhile, she is continuing her job in a mattress factory.

## ROBINS INCREASE LEAD OVER CUBS IN 6-4 VICTORY

Dodgers Holding Margin Of 3½ Games; Win From Pittsburgh

### GEORGE UHLE HURLS INDIANS TO DEFEAT

Detroit Hits Hudlin For Easy 9-1 Triumph For Sixth Straight

Rolling into the west where the National league pennant is waiting to be won, the Brooklyn Robins today have a most auspicious beginning of a crucial road trip to spur them on.

Straining to establish a lead that can stand the strain of slumps and battle with chief contenders yet to come the Robins scored a 7 to 4 victory over Pittsburgh in the opening of the Pirates series yesterday, while the St. Louis Cardinals rose to beat the Chicago Cubs and add to the lead of the Robins, now three and one-half games in front of the league champions of 1929.

### Pinch Homer Wins

An extra base hit, George Watkins' pinch hit home run in the seventh with one on, gave the Cards a 4 to 3 decision over the Cubs. Three triples and a home run by Comorosky couldn't save the Pirates from defeat.

The Washington Senators cut the lead of the Athletics to 6½ games in the American league, downing Connie Mack's champions, 5 to 1. Sam Jones held the A's to six hits while the Senators clubbed George Earnshaw in the pinches.

The third place Yankees made lay in the sunshine, opening a lengthy home stay with a close 4 to 2 win over the Boston Red Sox in a game featured by Roy Sherid's pitching struggle with Milt Gaston. Harry Rice did the important hitting for the Yanks.

### Uhle Trims Indians

George Uhle toyed with the Cleveland Indians as Detroit belted Willis Rudlin. Jablonowski and Bean into 9 to 1 defeat, making it six in a row for the Tigers. Uhle hit three singles and a double, as many hits as he allowed the whole Cleveland outfit.

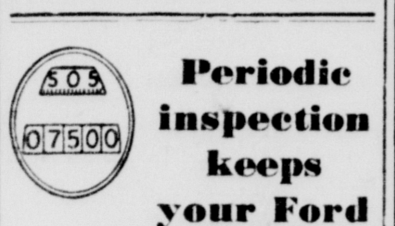

The mightiest hurling of the day was turned in by Coffman of the St. Louis Browns in the opening game of a doubleheader with the Chicago White Sox. Coffman shut out the Sox 5 to 0 and allowed three hits but Ancient Red Faber got just as far with less effort in the second game, pitching Chicago to a 5 to 2 triumph and an even break on the day.

The Boston Braves wound up a seven game series with the Phillies by slicing a pitchout into left field to drive home the winning run.

The New York Giants and Cincinnati Reds were not scheduled.

## THE DAY In Sports

WOLGAST IN SANITARIUM "TRAINING" FOR FIGHT

Solemnly he sits on a withered bench peering aimlessly into distance; then he spurns his pose and reclines a bit upon his cot; suddenly he wheels about and flat-footedly takes the floor. There is intent in his eyes and he feints at the mirage of man. A veritable vortex. A championship fight!

The scene is a psychopathic ward somewhere off in California. The man flinging his fists and dodging mythical counters is Ad Wolgast, a patient, the same Wolgast who years ago thrilled them as the "Michigan Bearcat." If you chance to glance at Ad during his daily "workout" you will find nothing unusual about it, for Wolgast will generally explain.

"Just keep watching and you'll see something. I'm training for my next championship fight and I'm going to win."

But when you reflect upon the surroundings, the fact that Ad was stripped of his title years back, and that this "championship fight" will never come, you cannot help but feel sympathetic for this gladiator who was. But it evidently isn't necessary to. His is a recuperative existence, yet a happy one. For this sincere little fellow, whose memory forgot to function in 1920, is supremely satisfied, it seems. He's in training for that "championship fight" and, to him, all else is irrelevant.

In Cadillac, Michigan, on a bleak February 8, 1888, a baby was born who was destined, some 20 years later to ravage the lightweight ranks. At 133 pounds, this chap Wolgast assailed his way to the top of his division by his prowess in licking up punishment and his mean, lashing, tireless fashion of doing forth blows.

It is probably true that Wolgast occasionally disdained to fight honestly but the man is supposed to have had gleaming nerve and wicked instinct, a great combination. All in all, he was capable enough to pummel the features

## SALEM ATHLETES TO COMPETE IN TRACK CONTESTS

Allen, Roessler, Gregg To Participate In Event At Pittsburgh

Three former Salem High school athletic stars will compete in the track and field meet of the Philadelphia company and affiliated corporations at Pittsburgh Saturday.

The athletes are: Lowell E. "Little Rib" Allen, Keith "Mutt" Roessler and James S. "Jim" Gregg. Allen is entered in the high jump, pole vault and broad jump while Gregg will compete in the broad and high jumps. Roessler is to participate in the pole vault and high jump.

Allen, now enrolled at Mount Union college, was one of the greatest vaulters ever seen in national interscholastic competition and holds the national record at 13 ft. 3 3-16 in. having won the event in the meet at Chicago in 1928.

Roessler captained the Salem High track team in that year and was also an outstanding vaulter and high jumper and won a place in the national meet in the former event. Gregg formerly held the Columbiana county record in the 220-yd. low hurdles and holds the Salem High record in that event together with the broad jump.

The following year Ad experienced the pang of the knife in a critical abdominal operation. Here he was wounded more than throughout his ring career. But a few months after, with his strength yet on the climb, Ad gallantly accepted Willie Ritchie as a titular opponent.

The slug-fest occurred in San Francisco on November 28, 1912 with Wolgast the loser on a foul. Those at the ringside to this day would claim Ritchie a better fighter by far, for Ad was being beaten with ease, but always there is the possibility of what this warrior would have accomplished had he not arisen almost from the sickbed to engage in scrap.

Eight years later Ad lost his memory. An intimate friend of his, Jack Doyle, consented to treat Wolgast. But the "Michigan Bearcat's" case was a profound one and in time Ad sought a sanitarium for treatment. Today Wolgast is still confined and he is a bit improved, according to reliable reports, but old Ad is yet submerged in one thought: his forthcoming championship fight.

Wolgast doesn't say who his opponent will be; he doesn't reveal exactly where this battle will be held. He does know he's in the midst of crucial training and the way he dances about and the manner in which he lunges at his "enemy" seem to portray all that is real. Only the essence of the thing is imaginary but apparently he will never know that.

"Just keep watching and you'll see something," he tells you. "I'm going to win."

Why WE JOINED with Firestone to give Lower Prices and Greater Values!

## WE WANTED THE ADVANTAGES

locally, that Firestone has nationally, for reducing our costs and building volume business on small profits.

## A Department Store for Your Car

Our costs are absorbed by several different lines instead of one. We sell and service the complete Firestone line, including Tires—Tubes—Batteries—Brake Lining—Rims and Accessories. Instead of buying these items from several different places, we get them from nearby Firestone branches or warehouses—all from one place on one shipping order—one handling.

## Our Costs Are Lower Your Savings Greater

Firestone leads in bringing down prices. Firestone leads in new tire improvements and builds more miles into tires than any other manufacturer. Every advantage Firestone has in world wide resources—buying rubber and cotton at the lowest prices—is put right back of us for the benefit of our customers. Result—you get more in value for less in price. The name "FIRESTONE" on every tire is the pledge of the manufacturer that the tire you buy is the best you can obtain for the price you pay.

## USING ICE FOR HOME ADVOCATED

Salem Man Tells Reason For Suggesting This Refrigeration

Ice refrigeration costs less than any other modern cooling method, according to W. W. Tolerton of the Citizens' Ice and Coal Co.

"Approved ice refrigerators may be purchased as low as \$35," Mr. Tolerton states. "Ice costs the average all-year consumer less than 12 cents a day—not as much as the price per package of popular-priced cigarettes."

"There is no expensive machinery—no costly depreciation—no heavy interest charges—no costly repairs—no electricity, gas or water to buy."

"From a study of 20,000 ice bills, it was found that the average consumer paid \$41.48 for ice for an entire year. At that rate, \$195 pays the bill for over four years—\$225 for over five years—\$270 for over six years—\$370 for over eight years, and \$475 for over 11 years. And interest on any of these sums will help pay for a reliable ice refrigerator."

"Ice refrigeration is silent, sure and saving. A block of ice never gets out of order."

## Flowers Bring Joy Into Homes Of City

Many a life is brightened by flowers. The monotony of housework is especially brightened by the use of potted blooming plants. Men who are out in the busy world all day, meeting their fellows and transacting business, are quite likely to overlook the fact that in the home the little wife may go all day without speaking to a person, may work incessantly at the never ending tasks of the housekeeper, and may enjoy more the presence of a blooming plant than a man could think.

The Endres Floral company at its store at 737 East State street, is prepared to the extent that pleasure throughout the long winter months with a large number of potted plants.

They also have at all times a large display of cut flowers, and can make up special designs, baskets and mixed bouquets while you wait. Why not add these pleasures to your home?

## Twenty Models Attract Much Attention; Eight Cylinder Motors Used

Exciting the interest of the motoring world and arousing a widespread comment of approval, the new 1931 Buick line powered with straight-eight valve-in-head motors was presented to the public today. Offered in four new series, the 1931 Buick Eight holds many surprises for showroom visitors at the Harris Garage and Storage Co., 485 West State st., where the new models are being shown.

In addition to its advanced straight-eight valve-in-head power plant, the new car also has a synco-mesh transmission new insulated body by Fisher and many other important advances which, according to E. T. Strong, president of the Buick Motor Company, make the new eight the outstanding car of the company's history.

**Body Is Strengthened**  
Many refinements have been incorporated in the beautiful new Fisher body, and changes in construction have been employed to strengthen it structurally and eliminate any possibility of noise or fumes from the engine. The driving compartment in all models has been completely insulated. No radical changes have been made in the general appearance of the new bodies, but a wealth of fine details and new appointments have been embodied to increase the luxurious riding comfort of the new Buick Eight.

Among the engineering advancements on the new Buick Eight, in addition to the synco-mesh transmission, are an engine oil temperature regulator, dual carburetion, combined intake silencer and air cleaner, new crankcase ventilating system, improved steering gears, one-piece rear axle housing, new clutches and four-point rubber insulated engine mountings.

**Twenty Models Offered**  
The new line is offered in twenty models, divided into four different wheel base lengths. The six models in the 850 series are carried on a 114-inch wheel base and powered with an eight-in-line overhead-valve

## CHEMISTS GAIN COLOR EFFECTS

National Sanitary Has Varied Line From Which To Choose

Tendency of the last few years for color has brought a new element into the work of the National Sanitary company of this city. Before the idea of color in sanitary ware took hold, the efforts of the chemists in this industry were directed to securing a satiny white coat on the enamelware that would be tough enough to stay and yet would give an absolutely sanitary surface. The present enamel is practically glass, but it is the toughest kind of glass, or perhaps it should be called china.

When it is baked on it becomes a part of the body, so incorporating itself that it takes a hard blow to shatter it or even crack the surface. It is nonabsorbent, practically unaffected by household chemicals and under reasonable care will last indefinitely—all of which is quite a contrast to the old method of enameling with a paint that had to be renewed at frequent intervals.

Then came the demand for coloring. The questions were many. It is necessary that this color be permanent, unaffected by water, mild chemicals or sunlight after it is in place. But whatever could be used to give the color must also be unaffected by the intense heat needed to bake on the enamel. In the course of the last few years the enameling industry has done a lot of research work along these lines. The problem was, and to some measure still is, to secure the shades desired under the action of the heat.

Enough has been learned to create very beautiful shades of several colors—all that have been demanded heretofore. In every case the colors have a richness and softness that add greatly to the appearance of a bathroom or kitchen, and it is doubted that the public taste will ever be satisfied with white again, although thousands will always prefer it. People of this community who insist on the use of National Sanitary products in their home get the benefit of all of this research work.

All we ask is that the next war won't make it our Christian duty to love the Bolsheviks.

## NEW WATERFORD

The Simison-Cress school reunion was held on Saturday at Peace Valley with an attendance of 350 residents of the district, residents, former teachers, and friends, who enjoyed a sumptuous basket dinner and a miscellaneous program in the afternoon. Little Miss Eleanor Heck welcomed the audience. Judge L. T. Farr of Lisbon gave an excellent address, choosing for his subject "Memories" and making it replete with poetry and prose inspired by "memories" of home and mother, the old school and friendships. Others giving short talks included Judge Sam Crawford of Lisbon; Atty. Charles Boyd of East Liverpool; Mrs. Mary Kaminsky of Salem; Mr. and Mrs. Jesse Bours; Mrs. Orie Hawkins; Mrs. LeRoy Gibson; H. D. Cope of Rogers; Mrs. Ila Cronin of East Liverpool; George Batchelor of Negley accompanied by Miss Lenora Dyke, and Harp McClain of East Palestine sang solos. Guests were present from Bradock, Baden, and Pittsburgh, Pa., from East Liverpool, Lisbon, Salem, Gnadenhuten, Rogers, Negley, Columbiana, and East Palestine. The eldest person present was George Brown, aged 89 years. Four members of the organization have passed away during the year. Miss Margaret Rupert, Cyrus Hamilton, Goney Rogers, and John Walburn of Mt. Zion, L. V. Justison is chairman and Miss Bessie Brown is secretary for next year.

Miss Jane Howard of Mt. Lebanon, Pa., came home with her uncle, Charles Morris Sr., to spend the week-end with the Morris-Cotton families. The Morris's are moving to Mt. Lebanon in the near future. Rev. J. P. Cotton left on Wednesday for Birmingham, Ala., where he will spend his vacation of one month. Mr. Cotton will take over pastoral work in his old parish during his stay there.

Grass fires ignited from sparks from railroad locomotives kept the countryside alarmed on Sunday. About noon the first one started on the Florence Rupert farm but was easily conquered. Section men went from it to the Cress farm where the fire swept over about an acre of rough land before it was subdued. About 2:30 p. m. the men were again called to the Rupert farm where fire swept up the valley be-

tween the Rupert and Bevington farms, destroying valuable pasture and a locust grove beside fences, and scorching corn, this time about twenty acres on the two farms were burned over. Between four and five p. m. fire started on the McCloskey cut-over woodland north of town and jumped the road into the orchard to the east; this fire again broke out on Monday and did considerable damage to the orchard. Section men were called from East Palestine, Columbiana and Leetonia and the Columbiana fire department was summoned.

Fire starting on Thursday afternoon from a weimer-roasting-fire, spreading through the cut-over woodland on the Conkle-Essenwein farms northeast of town continued to break out at intervals and kept men fighting it until late Sunday evening, threatening more danger than damage.

Mr. and Mrs. J. H. Koch, John Koch, Dr. and Mrs. Percy Harris and children, accompanied by Paul Koch of Akron, C. H. Koch and R. J. Barrow of Columbiana spent the week-end in camp at Bethesda, Ohio, where Mrs. John Koch and daughter, Helen, Mrs. C. H. Koch and daughter Sally, and Mrs. R. J. Barrow are in camp. Mr. and Mrs. Carl Koch and family of Bellaire were members of the family party also.

J. M. Belomy and H. S. Harter of Canton called at the D. W. Thomas home, Sunday.

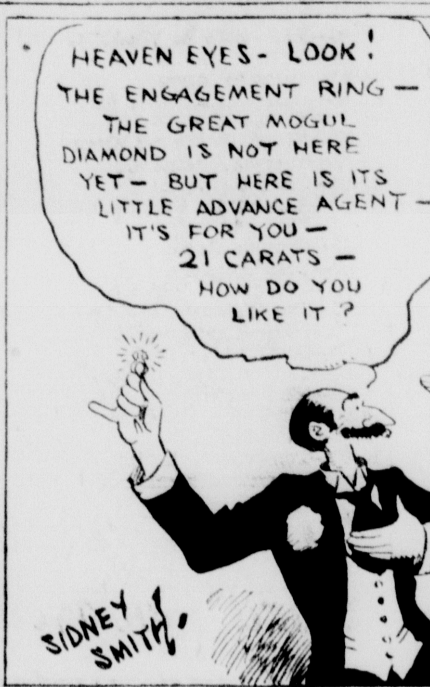

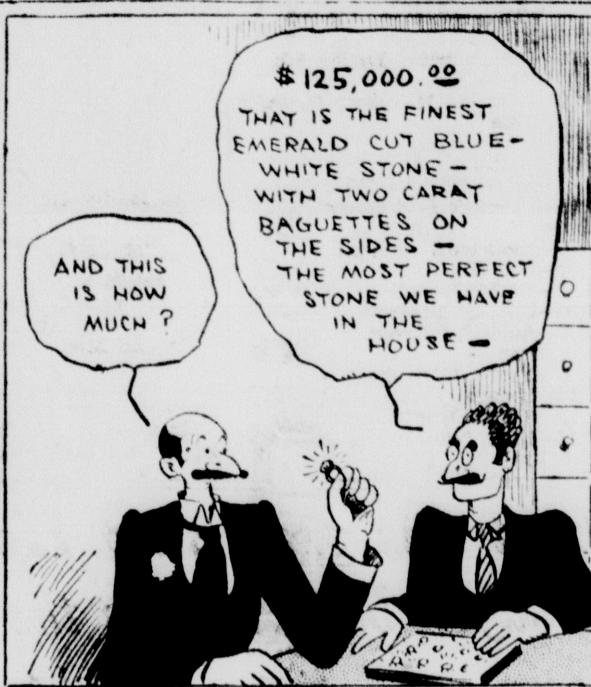

Mr. and Mrs. Paul Heestand of Alliance visited relatives at Homeworth, Sunday.

Mr. and Mrs. E. E. Grimes entertained at a family dinner, Sunday. A large number from Homeworth attended the homecoming at New Franklin, Saturday.

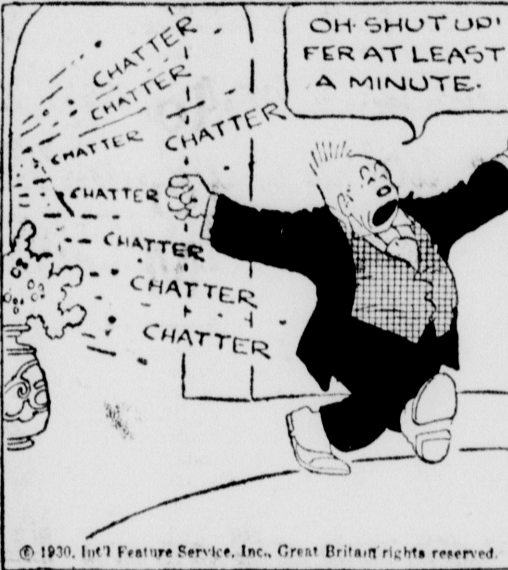

Mr. and Mrs. Lawrence Knoll and Mr. and Mrs. Chester Knoll have returned from a two weeks visit with relatives and friends in Florida. A number from this vicinity attended the birthday party in honor of Mrs. Susanna Glass, aged 80 at her home at East Rochester. At noon a picnic dinner was served on the lawn.

The 18th annual reunion of the Brenner family was held at Silver park, Alliance, Sunday.

## Modern Method

Lift Them Out

# CORNS

Callouses Go Too

The safest and real modern way to remove corns, roots and all—out to stay is soak them every night for 3 or 4 night in an invigorating, stimulating Radox Footbath. Then put on modish shoes again, walk and dance with greatest comfort because there's nothing left to ache. No pain, no trouble. Radox liberates oxygen which softens hard outer layer of corn each night penetrating further and further thru the pores, carrying the salts to actual root of corn, so loosening it that it comes right out. Nothing like healthy, free from corn feet to assure happy days! Get a package of Radox at J. H. Lease Drug Co., Three Stores, or any drug store. Adv

The tire pictured is the handsome new Goodyear Heavy Duty in the 4.50-21 size, (formerly 30 x 4.50)

# new Heavy Duty GOODYEAR

# is sweeping the country

You can buy this stunning new Goodyear Heavy Duty Balloon—one of the best-looking and best-performing tires ever produced—at a price almost anyone can afford.

Crude rubber is now the cheapest it has ever been, and as a result you can get this special Heavy Duty Goodyear for only a dollar or two more than you had to pay last year for an ordinary tire.

Extra-stout and extra-massive, this

great new tire is recommended for tough service—for the heavy car, the fast driver, the rough and rocky road.

Fresh and original in design, this super-standard

Goodyear is the very last word in fine appearance, rugged endurance and dependable performance.

If you want the biggest money's worth you ever got in a tire, buy the new Goodyear Heavy Duty.

# LADY FEARED THERE WAS NO RELIEF FOR HER

But Konjola, The New And Different Medicine, Makes Astonishing Record In Another Stubborn Case

MRS. GUSTA KUBERA

"I can truthfully say that I never expected to be well again," said Mrs. Gusta Kubera, Route No. 2, Hudson, Ohio near Cleveland. "I was down with neuritis and rheumatism and a stomach ailment that was aggravated by disordered nerves. I was unable to sleep and had a very poor appetite. My knees and lower limbs scarcely supported my weight and I was losing weight steadily. My neck, shoulders and back became stiff and sore.  
"I suffered in this manner for about a year until I began taking Konjola. I had not finished the third bottle of Konjola before my health began to improve. Now, after taking six bottles, I am much improved in health. The stiffness, soreness and pain are entirely gone. I eat heartily, sleep well, and am gaining in weight and strength."  
Konjola is recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.  
Konjola is sold in Salem, Ohio at The J. H. Lease Drug Co., Three Stores and by all the best druggists in all towns throughout this entire section.—Adv.
